2. Bank Standing Instructions

Bank Standing Instructions allow you to move money between your brokerage account and a bank account via Bank Wire (processed via the Federal Reserve System), or EFT (processed via the Automated Clearing House "ACH"). **Bank Wire:** Once Bank Wire standing instructions are established, Bank Wire requests are typically processed on the same business day. Your Broker/Dealer and/or your bank may charge a fee for a Bank Wire. Transactions may be routed through a different intermediary bank. **EFT:** It may take 7-10 business days to establish EFT standing instructions and 2-3 business days after the date a request is processed (disbursement or receipt) for funds to reach the bank or brokerage account. EFT receipts are available for 1st Party EFT only.
